

#### **Quality Control:**

- Formally Radiology Services Corporation, Kansas Mobile Solutions is now a division of the Wichita Radiological Group (WRG). WRG is the only group in the region offering a full range of sub-specialty, fellowship trained radiologists, several of whom are board examiners and published authors.
- We have an ongoing Radiologist peer review with quarterly reports generated for review by the Director of Operations, Medical Director, and Radiation Safety/Compliance Officer
- Board certified Medical Physicist provides ongoing monitoring of all imaging equipment and radiation safety program
- Annual biomedical testing on all EKG machines performed by a certified company
- Radiation Safety and OSHA Officer on staff

#### **Staff:**

- All Radiologic Technologists are Kansas State Board of Healing Arts licensed, American Registry for Radiologic Technologist registered, and CPR certified
- All Sonographers are CPR certified and registered through the American Registry for Diagnostic Sonography, holding credentials in vascular, cardiac, abdomen, obstetric, and GYN
- All Sonographers are employed by Kansas Mobile Solutions, not contracted
- Certified medical coders and billers are employed by Kansas Mobile Solutions, not contracted
- Local board certified Radiologists and Cardiologists are available for consultation with ordering physicians upon request

#### **HIPAA and Compliance:**

- Active HIPAA and compliance programs with an active compliance and HIPAA management team

#### **Equipment:**

- DR (Digital Radiography) units
- Images are obtained and sent from the patient's bedside
- Studies are sent wirelessly to a Picture Archiving and Communication System (PACS) available for Radiologists viewing within minutes

- On-line access available to healthcare providers for viewing reports and images and burning studies to disc
- State of the art portable cardiac, vascular, and general ultrasound equipment
- EKG machines for 12 lead electrocardiogram tracings done at patient's bedside

We are proud to say that we have NEVER had a State/Medicare site visit that resulted in any deficiencies.

We provide services to several JCAHO facilities and comply with their required standards.
